Wöhler VE 500 HD-Video-Endoscope

Crystal clear HD screen to recognise damage

Technical Data

Monitor

Wöhler VE 500

Size:	7"
Interfaces:	USB-C, Micro-SD, Wi-Fi
Power supply:	Lithium-ion battery

Wöhler VE HD Probes

Degree of protection:	IP 67
Video Resolution:	max. 1920 x 1080 px
Image Resolution:	max. 1920 x 1080 px

Application

HD inspection of:

- ▶ Inaccessible cavities through smallest openings from Ø 6 mm
- ▶ Pre-wall installations, sinks, drainage pipes, fireplaces, combustion chambers, connectors
- ▶ Inspection openings and fire dampers

Functionality

- ▶ Large colour monitor
- ▶ Image rotation
- ▶ Split screen mode
- ▶ Integrated stand for setting up the monitor
- ▶ Can be used on several devices simultaneously
- ▶ Additional LED lamp on the endoscope to illuminate the inspection area

Data management

- ▶ Saving image and video files on the internal memory card or the mobile device
- ▶ Direct sending of pictures and videos via the „share function“ of the smartphone / tablet

Applications

A Ø 6 mm opening in a tile cross is sufficient to inspect the installation behind the wall.

The split-screen mode allows you to display both camera images of the combination probe simultaneously to capture everything at a glance.

Advantages

- ▶ Inspection of inaccessible cavities through the smallest openings from Ø 6 mm
- ▶ Extensive range of probes up to 10 m long for various applications
- ▶ Large screen with split-screen mode to see everything at a glance
- ▶ The stand and the thread for magnetic mounting ensure that your hands are free in every area of application
- ▶ Images and videos can also be transferred to the Wöhler Smart Inspection App to make it as easy as possible to create an inspection report

The images from the Wöhler VE 500 are also displayed in high quality on the smartphone. They can be conveniently sent from there.

The supplied stand ensures that the monitor is conveniently positioned so that your hands remain free during the inspection.

Wöhler Smart Inspection App

With the Wöhler Smart Inspection App, you can use your smartphone or tablet as a second display. The Wöhler VE 500 HD video endoscope transmits all image and video data there via Wi-Fi. Your colleague or customer can then follow the entire inspection, even if they are further away. The app makes it easy to document and send images, videos and damage reports.
